somebody loves you tonight by Machiavel  
(Mario Guccio - Marc Ysaye - Thierry Plas -  
Roland de Greef - Luc O)

Girl you made it down here tonight  
If I can't see you, I feel you there  
I never met you still I know who you are  
We might have something to share  
You spend your days with your friends on the phone  
You love to stay out late  
You're mother screams anytime you come home  
But you have no time to waste  
No one it seems ever told you  
The words to feel good  
Somebody knows how to please you  
Will you believe me when I say  
Somebody loves you tonight

You came here to see me tonight  
Had hot lovin' on your mind  
I didn't see you still I knew you were there  
You never gave me a sign  
Before I knew that you walked out with him  
Ready to rave out late  
You're going somewhere that you've never been  
Follow your dream but wait  
No one it seems ever told you  
The words to feel good  
Somebody knows how to please you  
Will you believe me when I say  
Somebody loves you tonight
