the real show by Machiavel  
(Marc Ysaye, Thierry Plas, Roland De Greef, Mario Guccio, Herv   Borb  )

There 's a magic in the air  
We go from here to hit the skies  
There 's a magic in the air  
It is a true magical night  
No no panic in your eyes  
To make a dream come true to night  
I can feel it in your eyes  
Don't know you but it 's allright

Coming back to what you know  
Coming back to what you've done  
We all missed a love or two  
We all go to the real show  
We all go to the final show

All you gotta do my babe  
Is to look around your life  
All you gotta do my babe  
Is to kick your pills tonight  
There's a magic in your eyes  
To make a dream come true tonight  
I can feel it in your eyes  
We go from here to hit the skies.

Coming back to what you know  
Coming back to what you have done  
We all missed a love or two  
We all go to the real show  
We all go to the final show

Coming back to what you know  
Coming back to what you have done  
We all missed a love or two  
We all go to the real show  
We all go to the final show

There 's a magic in the air

We go from here to hit the skies  
There 's a magical in the air
