I had a dream , I was driving my car,
lost in the night , in a middle of nowhere
on a dead-end road, I saw you there
Into my vision , you were floating in the air

You're the woman
The only woman
Who makes me feel , I can touch the sky
You're the woman
The only woman
From now on I just want to cry
You're inside my mind

Suddenly , your expression changed
In your eyes burn , the flame of a scream
Beyond the mirror is your only place
And now I know, that you're only a dream

You're the woman
The only woman
Who makes me feel , I can touch the sky
You're the woman
The only woman
From now on, I just want to cry
You're inside my mind

You're the woman
The only woman
Who makes me feel , I can touch the sky

Out of my dream
I was seeking you
Somebody told me
She's in the air
I heard your voice
And I see you there

So Now I know
You could only be real

You're the woman
The only woman
Who makes me feel , I can touch the sky
You're the woman
The only woman
From now on, I just want to cry
