Dua t' kendoj nje kenge me shuri  
Nje kenge t' nxehte perreth uÃškuri  
Per at' syzeze, o per nje vashe  
(Syzeze in general refer to pretty girls she doesnt even have to have black eyes)  
Thats what i said to her at work?

C'ka po m' kqyr si hukubet  
Se me t'grabit moj se kom nijet  
Sa here qe po ti'leshoj syte  
Zhig po me vjen me t'u avit

Mori molla me sherbet  
Qysh pi'e lem ket' muhabet  
Mos e merr ket'pune hajgare  
Se pa me mar moj, nuk ki care â€¦

Alla hile fole nai fjale  
Se ment prej kreje dojn me m'dal  
Fjalet e mia mos i merr me bisht  
(this means like take them literally dont twist them)  
Im speaking seriously

Moj fisnike oj dall'dyshe  
Une dhe ti ja bojme diqyshâ€¦  
Per hijeshi kur s'me vjen tek guni  
Edhe, kjo fsha i zi me lan sapuniâ€¦

Pse po m' thu se jam i zi  
Pash faqet e tua si molla, sherbetli  
Vetem ne to une i shkreti mendoj  
Ama njonen t'a kafshoj..
