Don't be sad it's just a normal goodbye  
I'll be better where I will be  
You won't have to take care of me

'Cause I have tried to live,  
I have tried to escape reality  
But it's too hard,  
You won't have to take care of me

The only thing I'm seeing clearly now  
Is that I'll probably end in a colorful hospital

It's not that I don't love you  
It's not that I don't trust you  
I just want to go somewhere else  
You won't have to take care of me

'Cause ever since I was born  
I have tried every therapy  
Every remedy  
So you won't have to take care of me

The only thing I'm seeing clearly now  
Is that I'll probably end in a colorful hospital

You won't have to take care of me  
You won't have to take care of me

My future is behind me  
And I don't see yet what could make me feel happy  
here  
You won't have to take care of me

A hospital is waiting,  
I just have to walk up the stairs  
And wait, see and stare  
You won't have to take care of me.

The only thing I'm seeing clearly now  
Is that I'll probably end in a colorful hospital
