You say you are, never gonna leave me.  
Like a child, you will always help me  
Through the storms, I like the way  
You stand by me.  
I know I'm lucky

Wonder when, wonder when you saw me  
Crying tears, certainly it's been a  
Couple years, the brighter side of life has shone  
That I'm not wrong

That everything I thought I  
Would have to do to do right  
Is never gonna be what it was planned to be,  
'Cause I'm lucky

The days are shining happy  
The pain forever missing  
From when I wake, throughout the day  
A lasting smile upon my face

Lucky I'm lucky and I hope I'll always be  
Lucky all my life so nobody  
Will ever need to worry about me  
I'm living free

Lucky star, I know it's shining somewhere  
In the sky high above in thin air  
Watching down, to ensure that I'm all right  
I feel at peace

That everything I thought I  
Would have to do to do right  
Is never gonna be what it was planned to be,  
coz I'm lucky

The days are shining happy  
The pain forever missing  
From when I wake, throughout the day  
A lasting smile upon my face
