I was counting the days we'd been together
When I heard the car starting to drive
And the screaming wheels were announcing
That maybe this time it's definite that you will be free

But you, were the one
You, will remain
You

I took a look outside and I saw you had gone and in the
empty hall
There were none of your shoes left
I am right she won't come back
So I'm starting to run,
Hoping that I can get to

You were the one
You will remain
You

Standing on the edge of the lonely, windy street
Thinking of it all, yeah of what you just did to me
Carry me in your heart,
You know you're never gonna leave mine.
I'm a desperado walking, into the night

The bar tender is my new best friend
And the jukebox my enemy 'cause it always plays the
songs of our past
My bed will not be too small anymore,
Do you realize, you had given a meaning to life?

You were the one
You will remain
You

Standing on the edge of the lonely, windy street
Thinking of it all, yeah of what you just did to me..

Carry me in your heart,
You know you're never gonna leave mine.

And I'm a desperado walking, into the night
