You are so much woman
I don't worry about a thing
You are a bushel full of loving
That makes my heart sing

I know that you want me
And you prove it every day
You're the kind of girl I don't mind
Giving my pay

Said I wasn't gonna tell nobody
Said I wasn't gonna tell a soul
Said I wasn't gonna tell nobody
But I, oh I, oh I, couldn't keep it to myself

Girl I'm so proud
I really wanna scream out loud
I can't hold it any longer
The urge to talk is getting stronger

Just one look in your eye
Can make a young man cry
Said I wouldn't advertise
But baby you're a part of pride

Said I wasn't gonna tell nobody
Said I wasn't gonna tell a soul
Said I wasn't gonna tell nobody
But I, oh I, oh I, couldn't keep it to myself

Your love is hotter than the hottest fire
Shocking like electric wire

Said I wasn't gonna tell nobody
Said I wasn't gonna tell a soul
But I gotta tell somebody
I gotta tell somebody
