I must be crazy now
Maybe I dream too much
But when I think of you
I long to feel your touch

To whisper in your ear
Words that are old as time
Words only you would hear
If only you were mine

I wish I could go back to the very first day I saw you
Sould've made my move when you looked in my eyes
'Cause by now I know that you'd feel the way that I do
And you'd whisper these words as you'd lie here by my
side

I love you, please say you love me too
These three words, they could change our lives forever
And I promise you that we will always be together
'Til the end of time

So today I finally find the courage deep inside
Just to walk right up to your door
But my body can't move when I finally get to do it
Like a thousand times before
Then without a word you handed me this letter
Read I hope this finds the way into your heart, it said

I love you, please say you love me too
'Til the end of time

Well maybe I, I need a little love (yeah)
Maybe I, I need a little care
Maybeb you, maybe you need somebody just to hold
you
If you do, just reach out, I'll be there

I love you, please say you love me
These three words, they could change our lives forever
And I promise you that we will always be together

Oh, I love you, please say you love me
Please say you love me too
'Til the end of time
Oh baby, my baby, together, forever
I love you
I will be your light, shining through your eyes
