Damn these old wheels  
Rollin' too slow  
I stare down this white line  
With so far to go  
Headlights keep comin'  
Loneliness humming along

Who poured this rain  
Who made these clouds  
I stare through this windshield  
Thinkin' out loud  
Time keeps on crawling  
Love keeps on calling me home

I'd jump all these mountains  
And take to the skies  
Sail through the heavens  
With stars in my eyes

If my heart had wings  
I would fly to you  
And lie beside you as you dream  
If my heart had wings

We both committed  
We both agreed  
You do what you have to  
To get what you need  
Feeling you near me with so many miles in between

Oh Lord it ain't easy  
Out here in the dark  
To keep us together so far apart

If my heart had wings  
I would fly to you  
And lie beside you as you dream  
If my heart had wings

Stuck on this circle  
Spinnin' around

Cut loose from this road  
That tying me down

If my heart had wings  
I would fly to you  
And lie beside you as you dream  
If my heart  
If my heart had wings  
I would fly to you  
And lie beside you as you dream  
If my heart had wings
