Fire up the motor baby, I'm already packed
I'll ride shotgun, navigate, throw the cooler in the back
Let's try and get us lost
Anywhere you want to go
Come on show me the other side of the great unknown

Well I've never rocked the Rockies
Never sinned in Santa Fe
I want to stand on a corner in Winslow, Arizona
someday
And just take it easy
Drive me down a desert road
Come on show me the other side of the great unknown

'Cause I'm tired of being careful
I'm sick of staying home
I just want to see a little of the great unknown
Take a right, take a left, I don't really care
It doesn't matter where we end up
Baby I can love you anywhere

I will be a waitress, you could work on cars
Find ourselves a KOA and sleep underneath the stars
Just living and a loving
Baby don't say no
Come on and show me the other side of the great
unknown

Hey I'm tired of being careful
I'm sick of staying home
I just want to see a little of the great unknown
Take a right, take a left, I don't really care
It doesn't matter where we end up
Baby I can love you anywhere

I will be a waitress, you could work on cars
Find ourselves a KOA and sleep underneath the stars
Just living and a loving
Baby don't say no
Come on and show me the other side of the great
unknown

Yeah come on show me the other side of the great
unknown
