Moribund, moribund, moribund
Yeah, you're waiting, yeah you're waiting
Inside this bloody world you wait
Goddam in it
This breath that gives no life to you
Go damn you [got to go in]
Moribund, moribund, moribund, moribund
What's set in play
What is done cannot be undone
You don't wonder what you done
Outside of life it can't be undone
[What's set in play can't be undone]
What's set in play
What is done cannot be undone
You don't wonder what you done
Outside of life it can't be undone
You're waiting, you're waiting
Into the blessed throws you give (to me)
(You) goddam mean it
Outside this bloody world you ran to hell
(The breath that gives no life you gave to me)
Moribund, moribund, moribund, moribund
Moribund, moribund, moribund, moribund
