So I guess that I'm contagious, why would you uncage this beast that lies within a peaceful guy, who just trying to get by

Occasionally I'm high, shit you got to feel me man! you niggas is under me I'm fucking ceiling fan

You got to look up to me, divas calling my label they tryna hook up with me

Young money motherfucker I'm more than a company and if a nigga come for me

Heater slow em' down like that shit weezy keeping in the Styrofoam cup yea!

And your boo heard my verse on that carter 2 I got my grown man on and now she wanna fuck

Straight cooking that pure cookezy, got fiends going crazy like them dope boys do when they hear that new jeezy this shit too easy!

[Mack Maine:]

See when my team start to blitz you, ya bitch you, shit john stockton could even much assist you

See y'all ain't play with magic y'all ain't worthy, I'm a throwback nigga! you's a swing-man jersey

Let's say my dough low, I'm a move in slow mo and Pistol Pete your chest with a all black four four

Or I might send a bitch at ya named coco to knock at ya front door, murk ya on the low low

See coco will catch you sipping hot coco, you'll be hollering coco I don't want it no more

See I was taught not to be an average joe blow, my flow ain't so so and I don't talk to po po's

When your mom was dressing ya ass in polo, my money stayed up like I feed my pockets no doz, mack!
