Featuring James Blunt

(Verse)

The trumpets blow around the walls of Jericho  
As I get caught up in the line of fire  
They fire tryina leave my line flat like a nail infested tire  
Nod to heaven where niggas been hiding  
You liars, y'all never see your Messiah  
While I'm reading the book of Jeremiah  
I am better than any cat that try to run up, I'm a warrior  
Standing on the front line, homie, look, I bust mine  
See I don't mind dying, standing in the midst  
Make sure that my man don't get hit, take a bullet for  
my best friend  
Cruising North West sin, as y'all spirits just taught a  
lesson  
I'm the type you don't wanna mess with

(Chorus)

And I'll take everything in this life  
I'll join everyone when I die

(Verse)

Who's afraid to lose their life?  
That's a man that should have never been born  
You shall be scorned, my niggas be warned  
You don't start this because you're considered children  
of the corn  
Land in the cornfield, tryina just to pick something  
Maybe a harvest, see life is the hardest, see we was  
born here  
Just preach the Gospel to the Holy Apostles and to the  
lost people  
I see Your lost people, I'll be Your navigation  
I don't really wanna be the type for sanitation  
I'm not the type that run off before the confrontation  
In fact, I'll always try to stop the confrontation

(Chorus)

And I'll take everything in this life  
I'll join everyone when I die (I'm the sacrificial lamb)

baby)

(Verse)

Me and Him got the same parents' name  
You know, Mary and Joseph  
How do you know His last name?  
Shit, I'm not from Bethlehem  
See, I'm from Holly Grove  
But I would lend a hand to those that need  
Some counseling to make sure they not lost  
Plus I could call shots every day, see, I'm a bossy  
If this was the old days I'd be born as a king  
Landing the major, type that's not endangered  
My dad will make sure that I plight and shoot like a  
ranger  
And I have a lot of soldiers, I still got a lot of soldiers  
I don't need to pop the doja, I just maintain composure  
You know that, you know that

(Chorus)

That I'll take everything in this life (come on come  
onâ€¦)  
I'll join everyone and understand (I'm the sacrificial  
lamb baby chyeah)

I don't understand  
'Cause all men die  
'Cause all men die

(Chorus)

And I'll take everything in this life (where you gon be  
when the trumpets blow? You knowâ€¦ leggo)  
I'll join everyone since I'm gonna die (let us not hesitate  
â€¦ revelations)  
(I'mma die anyway)

I'll take everything in this life (I can't take the Bentley  
with me to heaven)  
(Can't take none of this money with me to heaven)  
(I'll I could is leave is leave my soul and leave these  
songs that you on, I hope yall live on)  
I'll join everyone 'cause all men die  
(Like Martin Luther King, Malcolm and all the great  
ones)  
(I don't need a halla bit)  
(We all die, can't escape it)
