(Intro)

Lord have mercy on me
I've been trying so hard
I tried so hard
God have mercy on me
Lord have mercy on me
I'm just tryin' to do my J O B
I'm just trying to do my job, My Lord, Let's go

(Chorus)

And Lord knows that I've been all overseas
Fighting for what I believe
Maybe I'm a soldier
Maybe I'm a soldier
And the Lord really knows I've been all overseas
Fighting for what I believe
Maybe I'm a soldier
Maybe I'm a soldier

(Verse)

Yeah
The army, the navy, marines
The airforce and everything in between
The national guard the RA OTC
Everybody out there fighting for me
For your country, we appreciate you
I know they got a million things that you can do
Separate from your family for my freedom
That's why I salute them everytime I see them
I just hope that you come back in one piece
So you can see your son your daughter and your niece
Just gotta let you know that we proud
I be in the crowd screaming out loud
If I could I'd fly on a unicorn
Make sure you proud when you put on that uniform
Etc Etc Etc Etc
Never forget you are loved by America

(Chorus)

And Lord knows that I've been overseas
Fighting for what I believe

Maybe I'm a soldier
Maybe I'm a soldier
And the Lord really knows I've been all overseas
Fighting for what I believe
Maybe I'm a soldier
Maybe I'm a soldier
Yeah

(Verse)

Singing the national anthem
Know we all over there throwing tantrums
Therefore we gotta hold you down
Don't come back homie rolling around
Please don't come back lad fed up in the casket
We need you back, we need you back
I know you marching left, right, left, right
A lot have changed homie ever since you left right
Make sure that you hold your whole fort down
Your whole platoon, even your squadron
Make sure when they goes down there
Everybody on the front lined 'bout firing
If I could I'd fly on a unicorn
Make sure you proud when you put on that uniform
Etc Etc Etc Etc
Never forget you are loved by America

(Chorus)

And Lord knows that I've been overseas
Fighting for what I believe
Maybe I'm a soldier
Maybe I'm a soldier
And the Lord really knows I've been all overseas
Fighting for what I believe
Maybe I'm a soldier
Maybe I'm a soldier
Yeah

(Verse)

The needier don't get too much attention
Like they supposed to
I promise, homie look I'm close too
Get into the media and I'mma show 'em
That I really appreciate
Everything you do for us

From desert storm
All the way to Katrina
To the World War I and II
And they probably 'bout to have a III
