(Verse)

She tap, the girl like flips yea  
I stow here to walk across the sky just to get you,  
Now use I'll be shooting but tonight I'm only cruisin,  
At a speed it made it easy for them fiends to start  
choosing,  
2 miles an hour with my partner playing puzzles  
And I play dead like say Red you should've won an  
Oscar  
I'm only in the running for the money, save the trophy  
It will take more, to get you through this door than  
saying you know me  
A pocket full of potent's blowing rains around the Rosie  
The shots through up out it, shots to the sack it got er  
open,  
Forget what you was wishin', get over what you hoping,  
I'm fin to tear it down, in this bitch like I was Josin'  
Now throwin' like you'reâ€¦!

(Hook x2)

You ain't gotta ask man, let's go, see when I touch  
down,  
I'm looking for a nasty bitch, that I can bust on  
Expecting from the gate when I see, 'cause I don't fuck  
round  
I'm pimpin the bitches and chekin the niggas because I  
come from uptown

(Verse)

Can't wait to see my new work, just left Alley X
