"Dance Me To The End Of Love"

Now that we're here, let's take our time
No need to hurry any more.
There's no other place I'd rather be,
No other face I'd rather see than yours.

Hold me, as only you can do
And dance me to the end of love.
Dance me to the end of love.

I'll follow you, when you want to lead,
You'll follow me sometime too.
There's no other body I'd rather hold,
My heart, soul and body been waiting on you.

Hold me, as only you can do
And dance me to the end of love,
Dance me, come dance me,
Dance me to the end of love.
