"Lie To Me"

Won't be happy till I am the one
Flying in your blue skies when Jesus comes
Want me to be happy, don't you?
We'll have forever if it's the last thing that we do

Since the feeling is not mutual
Will you look me up before you go?

Look at me
Lie to me(Repeat 4x)
Tell me that you love me(4x)

Won't be happy till I am the one
Standing next to you when your reaper comes
Want me to be happy, don't you?
We'll have forever if it's the last thing that we do

Since the feeling is not mutual
Will you look me up before you go?

Look at me
Lie to me(Repeat 4x)
Tell me that you love me(repeat)

What good is the truth if it only makes me cry
What good is the truth if it only wastes my time
(repeat)

Look at me
Lie to me(Repeat 4x)
Tell me that you love me(Repeat 4x)
