Stalked by the benefactors are brute bestial figures in
mind the whisperer dispersing
Uncertainty a savage provoked by mankind penetration
of virginity as verses spoken we would
Like to see obliteration exercised on humanity cursing
the spine of existence the ultimate
Tool of conspiracy take pride in afflicting suffering a
possession of medieval cause
Distorters of cerebral carnage assassinate with
sacrificial intent corrupted sanity
Lack of vision dehumanizing the means alternating the
prey sowing the seed of condemnation
Origin the victim to self
Inflicted demise facing the selection of vanity vanity
created by corruption the
Whisperer dispersing uncertainty a savage provoked
by mankind the ultimate tool of
Conspiracy assigned by a mind deceit
