Walls start closing in around you
My twins of evil
They shake you by the collarbone
Then snap your ribcage
And broken bodies in a death rock dance hall
Please be my partner
And eyeballs pop, accelerated blood beat
Veins 'a' shaking
And all Hell breaks loose
Yea, evil is as evil does and who
Yeah, who but me could write this book of cruel
I send my murdergram to all the monster kids
It comes right back to me
And it's signed in their daddys' blood
And all Hell breaks loose
And my heart is breakin' loose
Yea, my whole world's breakin' loose
Yea, evil is as evil does and who
Yea, my whole world's breakin'
I send my murdergram to all the monster kids
It comes right back to me
And it's signed in their daddys' blood
And broken bodies in a death rock dance hall
Please be my partner
And eyeballs pop, accelerated blood beat
Veins 'a' shaking
And all Hell breaks loose
And my heart is breakin' loose
Yea, my whole world's breakin' loose
Yea, evil is as evil does and who
Yea, my whole world's breakin' loose
Breakin' loose, breakin' loose, breakin' loose
Whole world's breakin' loose, breakin' loose
Whole world's breakin' loose, breakin' loose
Breakin' loose, breakin' loose, breakin' loose
Breakin' loose, breakin' loose, breakin' loose
All my hell's breakin' loose
