Your pain is nothing dreamed
All pain is one
Your birth among the mind
It leaves such a lesion

Do you really want love
Do you really care
You feel this hungry suffering
In this birthing

Birthing, your end is birthing like a child
Birthing, your end is birthing, open wide

In life as it is in death
All pain is one
In death as it is in birth
Pain cures hesitation

Do you really want love
Do you really care
You feel this hungry suffering
In this birthing

Birthing, your end is birthing like a child
Birthing, the end is birthing, open wide

Birthing, the end is birthing like a child
Birthing, the end is birthing, open wide

This pain is nothing dreamed
All pain is one
This birth among the dead
It brings nothing evil

Do you really want love
Do you really care
You feel this hungry suffering
In this birthing

Birthing, the end is birthing like a child
Birthing, the end is birthing, open wide

Birthin, the end is birthin like a child
Birthin, the end is birthin, open wide
