Visit "[Night Chill](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Your pain is nothing dreamed  
All pain is one  
Your birth among the mind  
It leaves such a lesion

Do you really want love?  
Do you really care?  
You feel this hungry suffering  
In this birthing

Birthing, the end is birthing like a child  
Birthing, the end is birthing open wide

In life as it is in death  
All pain is one  
In death as it is in birth  
Pain cures hesitation

Do you really want love?  
Do you really care?  
You feel this hungry suffering  
In this birthing

Birthing, the end is birthing like a child  
Birthing, the end is birthing open wide  
Birthing, the end is birthing like a child  
Birthing, the end is birthing open wide

This pain is nothing dreamed  
All pain is one  
This birth among the dead  
It brings nothing evil

Do you really want love?  
Do you really care?  
You feel this hungry suffering  
In this birthing

Birthing, the end is birthing like a child  
Birthing, the end is birthing open wide  
Birthing, the end is birthing like a child  
Birthing, the end is birthing open wide
