Night calls on summer's end, Dark aspect, Blood divine  
Knee-deep, The blood of swine, Come season, Come  
reborn

November-Coming-Fire, Samhain-grim, Samhain-grim  
And then it all comes down, Samhain-grim  
Arms to flail in flame, Waving, Trembling  
These things breed to flame, All things must come to  
ash

November-Coming-Fire, Samhain-grim, Samhain-grim  
And then it all comes down, Samhain-grim  
Embrace the night air, Summer's end, heaven sent  
Breathe the fire's musk, Insatiating full

November-Coming-Fire, Samhain-grim  
And then it all comes down, Samhain-grim  
November-Coming-Fire, Samhain-grim  
And then it all comes down, Samhain-grim
