

Samhain "The Birthing"

Visit "[The Birthing](#)" on MotoLyrics.com

Your pain is nothing dreamed
All pain is one
Your birth among the mind
It leaves such a lesion
Do you really want love
Do you really care
You feel this hungry suffering
In this birthing
Birthing, your end is birthing like a child
Birthing, your end is birthing, open wide
In life as it is in death
All pain is one
In death as it is in birth
Pain cures hesitation
Do you really want love
Do you really care
You feel this hungry suffering
In this birthing
Birthing, your end is birthing like a child
Birthing, the end is birthing, open wide
Birthing, the end is birthing like a child
Birthing, the end is birthing, open wide
This pain is nothing dreamed
All pain is one
This birth among the dead
It brings nothing evil
Do you really want love
Do you really care
You feel this hungry suffering
In this birthing
Birthing, the end is birthing like a child
Birthing, the end is birthing, open wide
Birthing, the end is birthing like a child
Birthing, the end is birthing, open wide
