Let me be the light you need
To get there
I know that day soon will come
..
You're the one

Don't you know the love 'aint go away
Cause it's end with you
With you
Girl it all end with you
It's starting with I then with L O V E came over me
Cause it's end with you
With you
This love story ends with you
Yeeh
Ooh ooh yeeh
Ooh
Looking in your eyes I see you're the perfect one for
me
No one make me feel like this
I make you mine
Until then
I send back and tell like this
Cause it's end with you
With you
Girl it all end with you
It's starting with I then with L O V E came over me
Cause it's end with you
With you
This love story ends with you
You could take your time girl
Yeeh
But you could never waist mine
Ooh
I through emotions
Only cause I know
,
It is with you
Ooh ohh
Girl it all end with you
It's starting with I then with L O V E came over me

Cause it's end with you
With you
Cause it's end with you
