The more that I try to fight
The more I start to bruise
Said it's beating me up
I ain't tryna lose
The longer I stay with her
The worst it is for me
I'm not the type to love
Cause lovin' ain't easy
I try to look at her
And tell myself I'm done with her
You see I'm lyin'
Cause I know that I'm the one for her
Cause she's just like me
And I just might be
Might be sinking in this love that I'm in

I guess I gotta go somewhere that I've never been
Cause I try to fight and get back up
She keeps pulling me in
Her love's like quick sand
It keeps pulling me in
It's just pulling me in, yeah
It keeps pulling me in, yeah
She just keeps pulling me in, yeah
It keeps pulling me in, yeah, yeah

Every time that I talk to her
Feels brand new
And when she touches me
It's like I can't move
Crazy how a smile braces my memory
Makes me forget everything that was stressin' me
I try to look at her
And tell myself I'm done with her
You see I'm lyin'
Cause I know that I'm the one for her
Cause she's just like me
And I just might be
Might be sinking in this love that I'm in

I guess I gotta go somewhere that I've never been

Cause I try to fight and get back up
She keeps pulling me in
Her love's like quick sand
It keeps pulling me in
It's just pulling me in, yeah
It keeps pulling me in, yeah
She just keeps pulling me in, yeah
It keeps pulling me in, yeah, yeah

And I don't know what I ever did to deserve this
I can't stop the feeling even if I tried
Tryna run away now but I'm scared to lose her
No it'd be worst if I fall deeper in love

Said, the more that I try to fight
The more I start to bruise
Said it's beating me up
I ain't tryna lose
The longer I stay with her
The worst it is for me
I'm not the type to love
Cause lovin' ain't easy

I try to look at her
And tell myself I'm done with her
You see I'm lyin'
Cause I know that I'm the one for her
Cause she's just like me
And I just might be
Might be sinking in this love that I'm in

I guess I gotta go somewhere that I've never been
Cause I try to fight and get back up
She keeps pulling me in
Her love's like quick sand
It keeps pulling me in
It's just pulling me in, yeah
It keeps pulling me in, yeah
She just keeps pulling me in, yeah
It keeps pulling me in, yeah, yeah
