Oh, oh, oh
I can feel the rain coming by
I'm trying to run away, but I don't know how
And you're still sleeping
But this is different
I might be falling somewhere I wanna be!

Chorus:

So deep in love, cause I've learned to love
..that I spent running, no is time to give up!
And all this leads to things that he does for me
Treats me like no other
And I can't move I don't think I can run away
I'm so used to leaving when I start falling
But I'm sick of being stupid and lonely,
and lonely, stupid and lonely, hey!

Should I stay alone, or let 'em
You keep on dealing with this fear that I'm leaving with
Day by day I don't know what I'm doing
I just hope I do it right
If I can let myself slipping I just smile

Chorus:

For deeper in love, cause I've learned to love
And all the time that I spent running, no is time to give
up!
And all this leads to things that he does for me
Treats me like no other
And I can't move I don't think I can run away
I'm so used to leaving when I start falling
But I'm sick of being stupid and lonely,
And lonely, stupid and lonely, hey!

Don't know if I can go to a place that I never been
before
And every chance he gets he lets me know
That he's sure that I am the one for him, and he won't
let me fall, no
So why I don't wanna run away

Chorus:

I'm so used to leaving when I start falling
But I'm sick of being stupid and lonely,
and lonely, stupid and lonely, hey!
I don't wanna run away
I'm so used of leaving when I start falling
But I'm sick of being stupid and lonely,
and lonely, stupid and lonely, hey!
I don't wanna run away
