With my words, across your face,
You're making up stories of your own
Little bits of white paper
In pockets deeper than you know

You painted black upon the whitest lies
You've seen them fall, you have seen them rise
You painted black upon the whitest lies, lies, your lies

Push play, stop rewind
You drown your heroes in red wine
Push play, stop rewind
You drown your heroes in red wine

Close enough to see your hands -
Sneaking out of his embrace
Paper thin, whispering, breaking in
You painted black upon the whitest lies
You've seen them fall, you have seen them rise,
You painted black upon the whitest lies, lies, your lies

Push play, stop rewind
You drown your heroes in red wine
Push play, stop rewind,
You drown your heroes in red wine

Waking up but staying down
Your hero's left ya, bleedin'
Your breath is playing in the background
Don't waste it, ain't comin'

Push play, stop rewind
Aaaahhhh
Push play, stop rewind
You drown your heroes in red wine
Push play, stop rewind

You drown your heroes in red wine
Waking up but staying down
Your hero's left ya, bleedin'
Your breath is playing in the background
Don't waste it, ain't comin'
