You never looked into their faces  
All you saw there was another threat  
You knew, you knew what you had to do  
But you never tried, never heard about regret  
You've never heard

But it seems to me that you don't know  
What you want, why don't you let it go?

Three years to get off your chest  
Best left forgotten nothing's left

But it seems to me that you don't know  
What you want, why don't you let it go?

Never heard about regret  
Never heard about regret  
Never heard about regret

You never looked into their faces  
All you saw there was another threat  
You knew, you knew what you had to do  
But you never tried

But it seems to me that you don't know  
What you want, why don't you let it go?

Never heard about regret  
Never heard about regret  
Never heard about regret

Every time you cry  
I wish that I could disappear and hide
