What was that that I was saying?
Seemed so important at the time
Planted in that chair, crawling inside
What ever time, that was no time at all

Up or down, it's just as bad
It is still the same, it is still the same
It is still the same

What was that that I was saying?
Seemed so important at the time
Planted in that chair, crawling inside
What ever time, that was no time at all

Up or down, it's just as bad
It is still the same, it is still the same
It is still the same, it is still the same
