When I look into your eyes
I know you tell me lies
It's never gonna be the same again
You will always make me cry
You started to pass me by
It's never gonna be the same again

Wo-o-woh wo-o-woh yeah...

Hey you give me one more try
Hey you give me one more try
L.O.V.E.

When I look into your eyes
I know you tell me lies
It's never gonna be the same again
You will always make me cry
But time is passing by
It's never gonna be the same again

Look into your eyes
It's never gonna be the same again without you
Want to free my heart
It's never gonna be the same again without you

Be be be de yeah, be be be de yeah
Be the same again

Love, love is not a game,
Love, love a neverending flame
Playing around with love and trust
Now we speak I'll pass the test
L.O.V.E.
Come on girl don't let it be
Listen to me and open your mind
I'm the one, the one of a kind
Check this check that I come correct
No matter girl I will connect
Squeeze and hold me tight tonight
Squeeze and hold me that's right
Stay with me, on and on
Stay with me all night long

Baby baby don't you cry
Please, please give me one more try

Hey you gimme one more try,
Hey girl ain't gonna lie
Things that I did, things that I never said
Believe me, didn't mean it bad
I've been away for a real long time
I can't get you outta my mind
Hold me tight and don't let go
Here's the real love come let it flow
Love, love, it's sure just love
I broke your heart and went away
Love, love, I'm not a flirt
But there's something more I've got to say
H.O.P.E.
I need love come set me free
Give me one chance don't walk on by
When I look deep into your eyes
