Our song is playing on the radio

But goodbye is ringing in my ears

I don't know how much I can take without you here.

Heartpounds, pounding like a kickdrum

Skip beats, feeling so alone

I need, need you in the front if my life's a show.

It all came down to circumstance

I guess that fate had other plans

Now all we have is all that's

In my dreams...

CHORUS:

Everynight, I know you're gunna be there

Right in the very front row.

And I'll close my eyes just hoping that you'll reach out

Hold on, and never let go

You're so close so far away

I'd do anything for you to stay

I'll close my eyes cause I know you're gunna be there

Right in the very front

Right in the very front row.

You know me better than anyone

Without you my life is out of tune
Shows over can't go on if I'm without you.
It all came down to circumstance
Not like we threw out what we had
Now all we know is all that's
In my dreams...
In our dreams...

CHORUS

You know you'll always be my everything
No matter what comes in between
Even when the lights are fading
I will always fight for you and me
You and me.
Everynight yeah I know you're gunna be there
Right in the very front row
I'll close my eyes just hoping that you'll reach out
Hold on and never let... go

CHORUS
