I've been thinking about you, my love
And all the crazy things you put me through
Now I'm coming around, throwing it back to you
Were you thinking of me, when you kissed him
Could you taste me when you licked his skin
And all the while I showered you with trust and
promises
What I'm needing now some sweet revenge
To get back all that I lost then
I gave you all I had to give, but I could never leave you
Chorus:

Adrienne, I thought I knew you,
Once again, you used me used me
Adrienne, I should have left you
Long before you used me, used me up

Spent my money, drove my car
I treated you like a shining star
But in my sky all burnt out you are
And I'll have the last laugh, when I see you walking with
some other guy
'Cause I know your going to end up all alone
So take these words, some good advice
All you've done's 'gonna come back twice
You never cared how much it hurt, I really need to tell
you

Chorus:

What I'm needing now some sweet revenge
To get back all that I lost then.
I gave you all I had to give,
but I could never reach you

Chorus:
