A little paint, to cover what's deep inside
A little truth you know we all want to hide
Well I'm trying, I'm trying now to get to you
But you're telling me like you always do, you say
Don't hate me, cause I'm just that good

I've got to hand it to you now
you're a hard one to please
When it looks as though you've got all you need
And all the many times I've dreamed
I could walk in your shoes
What a nightmare it must be
just being you...say
Chorus:

Don't hate me, Cause I'm just that good
A little misunderstood
You made me, so I'm just that good

Step outside, walk with me
Everyone I know and see is falling
Is crawling out to something maybe,
A bigger house, faster car, never knowing who they are
They're lonely, they're lonely, they're lonely
Chorus:

All this time will take it's toll on you
As the same it will on me
Well good ain't all that good's made out to be
Don't hate me, we're all just that good
