London calling to the faraway towns  
Now that war is declared and battle come down  
London calling to the underworld  
Come out of the cupboard, all you boys and girls  
London calling, now don't look to us  
Phony Beatlemania has bitten the dust  
London calling, see we ain't got no swing  
Except for the ring of that truncheon thing  
The ice age is coming, the sun's zooming in  
Meltdown expected the wheat is growing thin  
Engines stop running but I have no fear  
Cos London is drowning and I live by the water

London calling to the imitation zone Forget it brother,  
you can got it alone  
London calling to the zombies of death, Quit holding  
out and draw another breath  
London calling and I don't wanna shout,  
But while we were talking I saw you noddin' out  
London calling, see we ain't got no highs  
Except for that one with the yellowy eyes

The ice age is coming, the sun's zooming in  
Meltdown expected, the wheat is growing thin  
Engines stop running but I have no fear  
Cos London is drowning and I live by the river
