Well I'm alone and feeling lost
If I could only have it all
Then I'd be alright
Cause I can't see who I really am
Through all the doubt that I'm living in
I don't know again, right before I hit the ground
Chorus:

Why am I loosing sleep
Yeah and feeling like I do
Why am I loosing you
And I'm feeling lost

There's a dark cloud over me
If I can't shake it off I can't
Make a move to save myself
Thoughts keep spinning through my head
All the times that we never did
What we wanted to yeah
right before I hit the ground- it's just like a dream

Chorus:

The Distance grows I'm sinking down
What I've lost and can't be found
Although I've tried, can't find my way
Nothing's falling into place
I'm feeling lost...

Chorus:
