"Thank You"

Look around, the writing's on the wall
Don't you think we're all feeling crazed
In a world, where nothing's as it seems
Paved with broken dreams, I found truth
My God, I should know your right
I should know it's right to say I thank you for my days
Chorus:

Come around and see the other side
Stepping stones, away from the limelight
Come around and breath in piece of mine
And for it all, I thank you, I thank you
Sit down, lose yourself in thought
Then you might find out it's all we've got
Take a chance, the future's in your hands
Make it what you can before your time has reached the
end

Chorus:

Come around and see the other side
Stepping stones, away from the limelight
Come around, and breath in piece of mind,
And for it all, you you'll make it - on your own
Yeah, your free
Stepping stones, away from the limelight
Come around, and breathe in piece of mind
And for it all I thank you, I thank you I thank you.
