I used to lie down on the floor,  
Watching the footmarks on the door.  
That these things are the best,  
Are too... to be the last,  
If you worry about the end,  
It's another train you're missing!  
It's not the moment to look back,  
Let's face more tears and see that cracks!

In our countries I could say  
That it's not where I want to stay  
It's too early to rewind,  
But it's better if we try!

Chorus:  
We can't be anything we want,  
Take a risk of your own!  
Another day for you and I,  
Here's the, over mine!

It can't be useful to forget,  
That,  
If I don't understand it will only plus the,  
There's no need this time to fight,  
I'll be captured if you break.

The law, too many reasons to be sacred,  
Too many secrets that we share,  
Are we ready to forgive?  
For the moments where we hid  
That we spend behind the,  
Waiting for the pain to die!

Chorus:  
We can't be anything we want,  
Take a risk of your own!  
Another day for you and I,  
Here's the, over mine!  
We can't be anything we say,  
We we've lived anyway!  
Oh, another day for you and I

If we lose, hold the line!  
To be,

We can't be anything we want,  
Take a risk of your own!  
Another day for you and I,  
Here's the, over mine!  
Another day for you and I,  
Another day for you and I!
