I always open my heart for everyone,  
Like a 24/7 they just take what they want  
I got hate I got passion, love on discount  
Shelves of emotions, I can do without  
But you, you're really something strange,  
You take my fears away, and give me love instead  
Oh why, what did I do wrong, see I don't want this love  
Baby just take it back

You got me open, like a book that you're reading  
You're ripping the pages right out of me  
You got me open, like a book you're a poet and now you're rewriting my history  
You got me open, yeah, oh  
You got me open, yeah, oh

I always promised myself I'd be cautious but now  
There's something about you that has got me sprung  
See I know that you're different from everyone  
Deep down I know it's gonna last this time  
Cause you, you're really something strange  
You take my fears away, and give me love instead  
Oh why, what did I do right, I won't say no this time,  
Baby just love me right

You got me open, like a book that you're reading  
You're ripping the pages right out of me  
You got me open, like a book you're a poet and now you're rewriting my history  
You got me open, yeah, oh  
You got me open, yeah, oh

I've had my heart broken million times before  
See I've tried but my heart's like a revolving door  
Every single time love came only caused me pain  
But I feel it with you it ain't gonna be the same

You got me open, like a book that you're reading

You're ripping the pages right out of me  
You got me open, like a book you're a poet and now you're rewriting my story  
You got me open, yeah, oh  
You got me open, yeah, oh.
