Don't come around here
Telling me these lies
When you know that I'm a sucker
Girl every time
You can look so sweet
The way you look at me
Yeah and all it takes is one kiss
and then I'm weak
So I don't need your little ol' kisses
I don't need your little ol' lies
I don't need your little ol' promises
'Cause I've gotten strong
Since you've been gone
Lately I ain't that sad
So I don't need your little ol' kisses that bad
You can be so cruel
You do it so easily
Yeah that sometimes I think the devil
He's a she
So don't come around here
Telling me these lies
'Cause I'm through being your little fool
For the last time
So I don't need your little ol' kisses
I don't need your little ol' lies
I don't need your little ol' promises
'Cause I've gotten strong
Since you've been gone
Lately I ain't that sad
So I don't need your little ol' kisses that bad
Woah no no no
I don't need your little ol' kisses that bad
Woah no no no no
I don't need your little ol' kisses that bad
I don't need 'em that bad
