"Hurry Home"

I've been listening to the sounds of the night

Waiting for you to come around and hold me tight

I've been wanting you right here by my side

I don't care what you've gotta do

Just get here in a rush

Every part of me aches for you

It keeps getting stronger. I hunger, I long for you touch

CHORUS

HURRY HOME

I'm counting the minutes until you are in my arms

HURRY HOME, as fast as you can baby

I'll be here, ready to hold you don't take it slow

Wontcha HURRY HOME to me

I miss the way you laugh off the blues

The way you're there to listen when I need you to

and baby how I'm needing you now

I know that you'll be coming soon

It's taking way too long

I asked the man up in the moon

To send you to me, instantly, back to where you belong

CHORUS

And when you come back, when you walk through that
door

I'm gonna show you some love

and hold you like never, like never, like never before....

CHORUS
