B Word. B Word. B Word. B Word
B Word. B Word. B Word. B Word

In the beginning. everything was goodie
We would love and laugh and cruise around the city
You were my baby
My understanding lady
Never used to argue but baby girl lately

All we talk about is
Girls in these clubs and how we lost the trust
How I'm the star and I've changed and I forgot bout us
All we do is argue and fight baby this is absurd
I'm done. I'm done.
Sometimes your such a
B Word

Baby your beautiful
Ohhh oh
Baby your beautiful
Ohhh oh
Baby your beautiful
Ohhh oh

B Word. B Word. B Word. B Word
B Word. B Word. B Word. B Word

Now things are different
You don't even smile
Used to bring you up but as of late I take you down
And I remember.
We used to make love
You don't even trust me so I barely get a hug
Damn this is crazy
What happened to my baby
I jus want my shorty back so come back baby
Lets make it happen
Remember we were magic
Girl I can't believe that we're fallin this is tragic

All we talk about is
Girls in these clubs and how we lost the trust

How I'm the star and I've changed and I forgot bout us
All we do is argue and fight baby this is absurd
I'm done. I'm done.
Sometimes your such a
B Word

Baby your beautiful
Ohhh oh
Baby your beautiful
Ohhh oh
Baby your beautiful
Ohhh oh
(Repeat)

TALKING:

Baby. we gon fight you kno wat I mean that's normal.
All I'm askin you to do is trust me. lets get back to the
basics
Lets work it out. everything not gonna be good all the
time. ya dig?
But I love you. your the best thing that ever happened
to me.
Your Beautiful.

Baby your beautiful
Ohhh oh
Baby your beautiful
Ohhh oh
Baby your beautiful
Ohhh oh
(Repeat)
