Ohhh, ohh
Listen up
I must be dreaming somebody pinch me,
Cupid shot my heart.
See no one but you, my best friend, my boo
I promise that I will give you my all
Girl you changed my world around,
Used to be up in the club now, all I want to do is cuddle
up now.
I'm so in love right now,
I aint even check my phone now, nothing matters when
you're around.
I love you, I love you, I really really love you
Na na na na na na na na
I love you, I love you, I really really love you
Na naa ohhh
Better than good enough, better than good enough
Na na na na na na na
Better than good enough, better than good enough
Na na ohh
Every, breath you, take girl, is graceful
Shout out to the love gods
And when you are asleep, you look like an angel
I will never break your heart
Girl you changed my world around,
Used to be up in the club now, all I want to do is cuddle
up now.
I'm so in love right now,
I aint even check my phone now, nothing matters when
you're around.

I love you, I love you, I really really love you
Na na na na na na na na
I love you, I love you, I really really love you
Na naa ohhh
Better than good enough, better than good enough
Na na na na na na na
Better than good enough, better than good enough
Na naaa ohh
I love you, I love you, I really, really love you
Na na na na na na na na
I love you, I love you, I really, really love you

Na naaaa ohhh
Better than good enough, better than good enough
Na na na na na na na
Better than good enough, better than good enough
Na na ohh
Look in my eyes, no they can't lie
Feel my heart baby it needs you.
Shorty you my air, my bride I die
When I inhale darlin', I breathe you
Girl you changed my world around,
Used to be up in the club now, all I want to do is cuddle
up now.
I'm so in love right now,
I aint even check my phone now, nothing matters when
you're around.
I love you, I love you, I really really love you
Na na na na na na na na
I love you, I love you, I really really love you
Na naaaa
Better than good enough, better than good enough
Na na na na na na na
Better than good enough, better than good enough
Na na ohh
oohhh
