Yea oOoOoO
Yea yea oOoOoO
Yea oOoOoOo yea

Gyrl what is this magic i feel inside
Why can't i breathe when you're near by
My heart is pounding so hard
I think of you so much that i can't sleep
You're like the rose that blooms in spring
You're like the snow that winter brings
And i give anything juss to have you talk to me

Oh gyrl i
I get so excited when i see you passing by
Oh gyrl i
I get so excited when we make contact eye to eye
I'll take detention time for you
Give all my allowence all to you
Do your chores and homework too
I will do it for you
Trade in a trip to disneyland
Just for the chance to hold your hand
Yes that sure is my name is Sam
I will do it for you
Oh gyrl i
I'll do it all for you

Gyrl forever is still not enough time for me to spend
with you
But i will walk a thousand miles juss to have the chance
to look into your eyes
You're like a dream when i'm awake
I don't know how much i can take
I wish that i can find the perfect word to say

Oh gyrl i
I get so excited when i see you passing by
Oh gyrl i
I get so excited when we make contact eye to eye
I'll take detention time for you
Give all my allowence all to you
Do your chores and homework too

I will do it for you
Trade in a trip to disneyland
Just for the chance to hold your hand
Yes that sure is my name is Sam
I will do it for you
Oh gyrl i
I'll do it all for you
(I'll do it all for youuuu ohhh)

Oh gyrl i
When i see you passing by
Oh gyrl i
I get so excited when we make contact eye to eye
I'll take detention time for you
Give all my allowance all to you
Do your chores and homework too
I will do it for you
Trade in a trip to disneyland
Just for the chance to hold your hand
Yes that sure is my name is Sam
I will do it for you
(All for you)

Detention time for you (i'll take yes i will)
My allowance all to you (give ya my money baby yes i

Do it for you
Trip to disneyland
Chance to hold your hands.....
