Girl, tonight I wanna love you
How about a little foreplay
I'm trying to set the mood right, mood right
Peach Ciroc, Shawty get it up in you
That'll get you warm while I hold you in my arms
We about to get faded, wasted
Intoxicated while I'm feeling you up
Taking shots off of your body
Yeah, I've been patient, but girl, tonight I wanna
fuck
Intoxicate me, shower me with your love
Want your body on my body
I'm gon make you take it
So girl, get naked

Chorus:

Baby, it's time we made love
I can hear your body calling and I'm picking up
Baby, tell me what you want
I'm gonna take a shot, you gon take a shot
We about to get faded wasted, intoxicated!

Let the music flow
Girl, you're breathing heavy
Got the Patron on chill
Girl, you're flooding my sheets
I think somebody broke the leavy
Drip drop drip drop, girl
I promise i wont drown
Girl, only if you let
pay that no never mine
Girl, I'm so faded, wasted!

Chorus:

Baby, it's time we made love
I can hear your body calling and I'm picking up
Baby, tell me what you want
I'm gonna take a shot, you gon take a shot
We about to get faded, wasted,
Intoxicated, intoxicated, intoxicated Intoxicated!
You're rocking the boat, Im working the middle
Intoxicated love, baby girl I feel you

Yeah, this is what you are, baby girl I feel you
were faded, wasted oh!

Chorus:

Baby, it's time we made love
I can hear your body calling, I'm picking up
Baby, tell me what you want
I'mma take a shot, you gon take a shot
We're about to get faded, wasted,
Intoxicated, intoxicated, intoxicated Intoxicated
