Baby lay down.
We bout to get it in like lions in a jungle
Imma make that head board rumble
Tonight
Your body is my canvas
Shawty can you manage?
Girl I got an appetite
I wanna eat it up
Baby we gon beat it up and make it hot
Just right
I'm all in you girl
I'm lovin you girl
Your bodys callin me like

Take it. take it
I'll be your rude boy
I can get it up and beat it up what you gon' do now?
Shake it. shake it
Don't wanna stop babe
Lets get it hot babe

We gon' heat it up like a candle (candle)
Heat it up like a candle (candle)
We gon' heat it up like a candle (candle)
Don't wanna stop babe
Lets get it hot babe
We gon' heat it up like a candle (candle)

Look at you now
Layin across my bed
Girl that was good
I wanna go again
Your fantasy
Look like an angel
We made harmonies

Like an angel
When your a dove
It's goin down again
I can keep it comin. engine runnin. love is infinite
(Ooh ooo ohh ohh ooo)
I can hear it callin
Girl it's callin me like

Take it. take it
I'll be your rude boy
I can get it up and beat it up what you gon' do now?
Shake it. shake it
Don't wanna stop babe
Lets get it hot babe

We gon' heat it up like a candle (candle)
Heat it up like a candle (candle)
We gon' heat it up like a candle (candle)
Don't wanna stop babe
Lets get it hot babe
We gon' heat it up like a candle (candle)
Heat it up like a candle (candle)
We gon' heat it up like a candle (candle)
Don't wanna stop babe
Lets get it hot babe

This is a metaphor for our love
Baby girl we're burnin up
Love on fire
Take me higher
Hot like summer
Fuego. sauna.
Heat it up like a candle baby girl I want you
(Repeat)

Like a candle...

We gon' heat it up like a candle (candle)
