Sammie
Yeah
I'm back
Empire
Listen

Riding round, head down, thinking what to say
Cause inside girl I know its gone come a day when I
Gone have to tell you, baby
I think that I fell out of love
Started so innocent swear to God it was
We was just trying to be homies
But it stepped up on me
Now I can't fight it and there's no use to lying

She was with her friends
I, I met 'em somewhere
Hooked up with some friends cause I, I never go there
I wanted to see her more and more, I lost control
Now I'm driving down this one way street babe

I know the way I'm headed is dead wrong
But I just can't leave her love alone
It's got a hold on me, taking control of me
But I don't mind, one way street babe
I can see the traffic coming head on
But I'm weaving through it like it ain't nothing
Risking my life for your loving
Speeding down this one way street babe

Yes I love you, but when I'm with her
Girl it ain't no words that I can say to explain
The way that she makes me feel
Started with a kiss, a kiss became much more
It hurts to hear all this I know
But I'm leaving it on the floor tonight
And I can't fight it, there's no use defying
She was with her friends
I, I met 'em somewhere
Hooked up with some friends cause I, I never go there
I started to need her more and more, I lost control
Now I'm driving down this one way street babe

I know the way I'm headed is dead wrong
But I just can't leave her love alone
It's got a hold on me, taking control of me
But I don't mind, one way street babe
I can see the traffic coming head on
But I'm weaving through it like it ain't nothing
Risking my life for your loving
Speeding down this one way street babe

Risking everything for you, you
And I can't live my life without you, you
I live to make love to you, you
I'm kissing every breath from you, you

Risking everything for you, you
And I can't live my life without you, you
I live to make love to you, you
I'm kissing every breath from you, you

One way street babe
I know the way I'm headed is dead wrong
But I just can't leave her love alone
It's got a hold on me, taking control of me
But I don't mind, one way street babe
I can see the traffic coming head on
But I'm weaving through it like it ain't nothing
Risking my life for your loving
Speeding down this one way street babe
