i need a girl to ride with  
somebody to vibe with  
get at me shorty if you're out there (out there)  
somebody i can talk to  
somebody that will stay true  
get at me shorty if you're out there  
(i'm looking for) a girl that can hold me down  
who understands when i'm outta town  
so if your feelin' for me and you wanna be my shorty  
holla at me baby if you're out there

i got money, i got cars, i got shoes girl  
but believe me when i say it doesn't mean a thing  
flashing lights, big stages this is my world  
i get lonely and i'm tired of the same old thing  
it's like a merry go round, round, round  
i need a better half now, now, now  
if you're that woman that i'm wanting and you're out  
there  
you're what i'm looking for  
i need a girl (yeah)

i need a girl to ride with  
somebody to vibe with  
get at me shorty if you're out there (out there)  
somebody i can talk to  
somebody that will stay true  
get at me shorty if you're out there

who understands when i'm outta town  
so if your feelin' for me and you wanna be my shorty  
holla at me baby if you're out there (out there)

first class flights, hotel suite  
that means nothing cos inside i'm so empty babe  
red carpet, court side seats  
i need a girl who i can laugh with and can misbehave  
it's like a merry go round, round, round  
i need a better half now, now, now  
if you're that woman that i'm wanting and you're out  
there  
you're what i'm looking for

i need a girl  
i need a girl to ride with

i need you so wave your hands in the air if you know  
you're that girl (girl)  
please come true, my life is empty and i need to  
change all in my world (world)  
so baby if you hear me and you wanna come save me  
(save me)  
someone who's understanding and can be that special  
lady  
so if you're feelin' for me and you wanna be my shorty  
holla at me baby if you're out there
