Come in to my world girl  
There's something that I wanna show you  
Relax your mind tonight, open up,  
I wanna explore you!

Pre-Chorus:

Girl I'm gonna lick you  
Like you're my favorite candy  
And I'm gonna make you scream  
Like you want us get it right  
And once I taste your cream  
I know that your body's ready  
So grab me close put me inside!

Chorus:

Put, put, put it in, put, put  
Put it in, put, put, put it in oh  
Put, put, put me in, put, put, put me in  
Into your love, love, love

I feel you shaking baby  
It's cool it's tight up  
If you love where I reach ya  
I'm leaning in your body  
Don't be shy babe  
Girl, girl throw it back

Pre-Chorus:

Girl I'm gonna lick you  
Like you're my favorite candy  
And I'm gonna make you scream  
Like you want us get it right  
And once I taste your cream  
I know that your body's ready  
So grab me close put me inside!

Chorus:

Put, put, put it in, put, put  
Put it in, put, put, put it in oh  
Put, put, put me in, put, put, put me in  
Into your love, love, love

Girl, you're looking fine yourself  
And I'll be fucking with you all night, right?  
And now were at the spot, babe  
And I'm rubbing on your inner thigh  
Yeah, and I bet I wont miss it  
I love the way you bite your lip every time I kiss it  
Peanut butter skin, chocolate size dripping  
Tastes like a receipt cup every time I lick it  
Take you out the shower on a tub I was sit in  
And hit it from the back like a nigga on a mission  
She said she's super wet, baby boy come and get it  
The only thing I'm thinking about it's how I'm gon kill it  
Told her, put me in the game, coach, I can hit it  
You would think I'm Kobe the way a nigga finish  
Damn, and the niggas still pimping  
And all my baby tell me is boy, come and put it in

Chorus:

Put, put, put it in, put, put  
Put it in, put, put, put it in oh  
Put, put, put me in, put, put, put me in  
Into your love, love, love
