[verse 1]

Baby girl I love you and I felt the need to say it  
Know sometimes we fuss and fight and I hate it  
You're my better half and you're so appreciated  
Never thought I settled down without ya girl I make it

[chorus]

Maybe its your smile girl  
Maybe its your street  
Maybe its your homecook loving  
When you coming home to eat  
Maybe its the way you touch me  
Baby you bring that heat  
I don't what it is about  
What you do what you do what you but you are

You're the only one  
That makes me  
You're the only one  
That makes me  
You're the only one  
That makes me feel like I do

You're the only one  
You're the only one  
You're the only one  
No one can do what you do

[verse 2]

I love it when you're sleeping baby you're like an angel  
I explore your body from each and every angle  
Thinking to myself id be so incomplete without you  
You complete my puzzle and I'm so blessed just to  
have you

Maybe its your smile girl  
Maybe its your street  
Maybe its your homecook loving  
When you coming home to eat  
Maybe its the way you touch me  
Baby you bring that heat  
I don't what it is about

What you do what you do what you but you are

You're the only one  
That makes me  
You're the only one  
That makes me  
You're the only one  
That makes me feel like I do

You're the only one  
You're the only one  
You're the only one  
No one can do what you do

You are you are mine  
You are you are mine  
You are you are mine  
Oh baby

You are you are mine  
You are you are mine  
You are you are mine  
Oh baby girl know that you are

[verse 3]  
Never thought like this before  
You're all I want and so much more  
Living all this love can be  
Till it all came down on me

Never thought like this before  
You're all I want and so much more  
Living all this love can be  
Till it all came down on me

You're the only one  
That makes me  
You're the only one  
That makes me  
You're the only one  
That makes me feel like I do

You're the only one  
You're the only one  
You're the only one  
No one can do what you do

You are you are mine  
You are you are mine  
You are you are mine  
Oh baby

You are you are mine  
You are you are mine  
You are you are mine  
Oh baby girl know you are

Never thought like this before  
You're all I want and so much more  
Living all this love can be  
Till it all came down on me

You are you are mine  
You are you are mine  
You are you are mine  
Oh baby girl know you are

Never thought like this before  
You're all I want and so much more  
Living all this love can be  
Till it all came down on me

You are you are mine  
You are you are mine  
You are you are mine

You are mine  
You are mine  
You are mine
